

*Brewed with Belgian hops.
Made to enjoy!*

Oèwest?' means 'How are you?'

That's what they say in the Bruges region (Belgium) when they greet a friend.
And that's also what you hopefully will say every time you get to meet this beer.

A SELECTION OF THE FINEST BEERS

PILS

A traditional, characterful lager, bottom-fermented followed by exceptionally long lagering at 0°C. Full malty flavour. It has a pleasant bitterness and generous finish. Delicious and not pretentious.

KRIEK

The slightly sour and complex aroma is perfectly balanced with the fresh cherry juice, making this delicious beer the ultimate thirst-quencher for hot days.

WHITE BEER

Sunny, blonde hues and aromatic fruitiness. A perfect harmony of barley and wheat creates the typically cloudy appearance and unique, fruity aroma. The herbal mixture with coriander is added at the end of the process in the brewery hall.

TRIPLE

The malt in this characterful, golden-blonde triple originates from the French region of Beauce-Gatinais. It is combined with German Munich malt to create a full-bodied finish. The four delicate hop varieties specially sourced in Belgium add a subtly balanced nose. The careful secondary fermentation in the bottle creates a firm, creamy foam head.
